About Alabama Graphite

Alabama Graphite Corp., through its wholly-owned subsidiary, Alabama Graphite Company Inc., is a graphite exploration and development company whose flagship project "The Coosa Graphite Project" in Coosa County, Alabama, encompasses over 40,000 acres located in an area with significant historical production of crystalline flake graphite. The company recently released its initial Canadian Instrument 43-101 resource, prepared by Metals Mining Consultants Inc. of Colorado co-authored by Qualified Persons, Scott Wilson and Stewart Redwood. (see link to Technical Report <http://alabamagraphite.co/wp-content/uploads/2013/03/ALP-TECHREPORT-2013.pdf>). The Coosa Graphite deposit contains 38M tons indicated resource at 2.6% Cg and 27M tons inferred resource at 2.87% Cg. In addition, the Company is planning initial exploration on its recently acquired Hearst Project in Ontario located 20km east of Zenyatta's Albany Project.
